List of Photographs in Edinburgh University Library (E99.41)

NB: The photographs are numbered below in the order in which they are held in the Library, in five boxes; the numbers of the sections are as indicated on the reverse of the prints themselves. The descriptions of the subjects are as given on the reverse of the prints themselves, retaining the original spelling, unless they are given in parentheses, in which case there is no subject indicated on the print and they have been added in the Library to indicate the likely subject and to ease identification. The dates are as indicated on the reverse of the prints, unless they are in parentheses, in which case they are as deduced from the accompanying diary. It should be noted that the prints are not held in exact chronological order and that the dates given on the reverse do not always tally with those given in the diary. Not all photographs mentioned in the diary are held in the collection.
